RE: COTTAGE CREEK AND FORESHORE PROMENADE WORK

To Whom it May Concern,

Daracon Group is pleased to advise we will be starting work on the Cottage Creek and Foreshore Promenade project in October on behalf of the Hunter and Central Coast Development Corporation (HCCDC).

We will be constructing a 10m wide promenade as well as attractive landscaping, seating and an architecturally designed pedestrian bridge over a re-imagined and naturalised Cottage Creek.

Work will commence on Wednesday 13 October 2021.

Upcoming work for the next two months will include:

- Utilities investigations
- Establishing of site compound on Honeysuckle Drive with access from Station Street
- Installation of temporary fencing and hoarding around the work site
- Demolition, excavation of material, earthworks and landscaping around Cottage Creek and along the Foreshore
- Increase in vehicle movements including trucks and utility vehicles where Steel Street intersects with Honeysuckle Drive as this will be a site entry point.

Location of work areas and site facilities

How will this affect you?

Construction for the project will be occurring near your property. Traffic movements, car parking, and pedestrian/cyclist access in the precinct will be maintained throughout construction.

Construction is expected take around eight months to complete, however the timing may change slightly depending upon weather and operational requirements.

There may be some noise and dust associated with our work. We apologise for the inconvenience and will aim to minimise the impact of the work by:

- Using suppression techniques to minimise dust e.g. watering
- Turning off equipment when not in use
- Not using equipment outside of work hours.

Work Hours

Work will be carried out from 7am until 6pm Monday to Friday and Saturday from 8am to 3pm, weather permitting. If we need to work outside these times, we will advise you.
