

25 July 2022

CONSTRUCTION WORK NEAR YOU NEW PUBLIC AMENITIES FOR HONEYSUCKLE

Earlier this year, Daracon Group carried out investigations in Worth Place to inform the design of a sewer line to connect new permanent amenities at Honeysuckle Park. Hunter and Central Coast Development Corporation (HCCDC) has since approved the amenities and has engaged Daracon Group to construct the toilets and associated services.

Work will start in August 2022 with the installation of the new sewer line. This work will occur within the pedestrian footpath on the eastern side on Worth Place, from the Honeysuckle Drive roundabout to the foreshore promenade (see map below).

Location of work area

The sewer line work is expected to take around five weeks and will be completed in stages, as follows:

Work type	Start date	Duration
Preliminary works	1 st August 2022	0.5 week
Main construction works	8 th August 2022	4 weeks

How will this affect you?

Construction for the project will occur near your property and you may notice some construction noise during this time. Access for residents, businesses and carpark users will be maintained, however there may be some minor delays due to diversions and works.

Pedestrians and cyclists will be detoured around the work areas.

Work hours

Work will be carried out during normal construction hours from 7am until 6pm Monday to Friday and Saturday from 8am to 1pm, weather permitting. We will let you know if we need to work outside these times.

Next steps

HCCDC is now working on the detailed (final) design for the amenities building. Daracon will provide further information to residents and businesses before work to construct the new amenities starts.

Get in touch

To find out more about the project please contact our community relations manager **Louise Neville** on our 24-hour enquiry line **0407 907755** or email cottagecreek@daracon.com.au.

Thank you.
