

## Construction of Parklands Road Upgrade

### Notification – WATERMAIN RELOCATION WORKS - January 2023

#### UPCOMING WORK

Bolte Civil would like to notify all tenants that the current construction works on Parklands Road involves relocation of the water main that services many of the buildings in Mt Penang Parklands. As part of the initial relocation works the water main will need to be shut down for up to 4 hours while the first part of the relocation occurs. We understand the criticality of having water available to each of the buildings and so have planned for the shutdown to commence at 6:00pm on Thursday the 12<sup>th</sup> of January 2023. We aim to have the works completed during the evening with minimal impact to the users within the Parklands.

#### Shutdown Notification

Water Services to Buildings:

- Thursday the 12<sup>th</sup> of January 2023
- Commencing at 6:00pm, approximately 4-hour shutdown.
