

Mount Penang infrastructure upgrades

- All of Parklands Road is now open. Traffic is one-way (north only) between Carinya Street and McCabe Road.
- Parklands Road extension now open to traffic, enabling access to Frank and Kangoo roads.
- New parking spaces are open along the western side of Parklands Road.
- McCabe Road temporarily closed to traffic except CCSC buses. While this is closed, the only exit from the northern end of Parklands Road is via Frank Road.
